Yakima Valley Libraries Launches Virtual Business Resource Center

Yakima, WA- Yakima Valley Libraries is excited to announce the launch of our virtual business resource center. Patrons can access resources, ideas, and knowledge for free by going to our website, www.yvl.org/biz. On this site patrons can access information, tips, databases for research and links to local, state and federal resources. These resources are being offered to our patrons as a partnership with New Vision of Yakima and Heritage University through a grant from HUD Office of University Partnerships. With their grant we have facilitated some one time funding that allows us to provide additional resources to businesses.

"We are excited to continue to find new and innovative ways to support our patrons and their needs. The business resource center will allow our patrons access to a number of resources that were previously unavailable or only available to those with the financial resources to pay for them." Kim Hixson, Yakima Valley Libraries Director.

Yakima Valley Libraries strives to support lifelong learning and an informed citizenry by providing free, open and full access to a vast array of ideas and information. We look forward to serving you.
